

## **THE STANTEC TEAM**

### **Barry Kowalsky**

Barry is the project leader and is responsible for the daily activities of the entire team. He has a broad experience in campus planning with his most recent experience being as Director of Campus Planning at the University of Calgary.

### **Brian Christianson**

Brian is the Principal-in-Charge and is responsible for fulfilling Stantec's contractual obligations with the university. He is a UCC alumnus and leads Stantec's architectural practice in the BC Interior.

### **Dave Spencer**

Dave is Senior Landscape Architect with Stantec. His campus planning work includes the award winning Campus Development Plan for Mount Royal College in Calgary and U of C's West Campus Design.

### **John Steil**

John is a community planner with a wealth of experience at the municipal and campus plan levels. He is just completing a development handbook for UBC to guide its physical development into a complete campus community.

The Stantec Team will also be drawing on the expertise of their colleagues Andrew Vandertol, a transportation planner, and Leonard Rodrigues, another specialist in campus planning.
